Dr. James E. O'Neill  
Assistant Archivist for Presidential Libraries  
National Archives and Records Service  
General Services Administration  
Washington, DC 20408

Dear Dr. O'Neill:

Thank you for your letter of 14 June 1984 addressed to the CIA Information and Privacy Coordinator concerning access to national security-classified documents by Mr. Duan Van Ee, Executive Editor of the Eisenhower Papers Project. [redacted] of our Classification Review Division is scheduled to visit the Eisenhower Library on 16 July 1984 to review Agency material for declassification. While there he will review the Gruenther papers to determine if documents classified by the Agency can be declassified and if the Agency has any objection to the release of other documents containing information of primary interest to CIA. This will save Mr. Ee from having to spend time examining documents that cannot be used as source material and will expedite the release of any documents that can be made available for his project.

Sincerely,

Director of Information Services  
Directorate of Administration
